

City of Hurley
Water/Sewer Rates and Information
Ordinance No. 06-004

Rates:

All new water hookups will be required to make a deposit of \$100.00.

-\$25.00 will be retained by the city as a connect fee.

-\$75.00 of this deposit will be refunded when the water bill is paid in full and the customer is no longer using our water system.

A basic fee of \$15.00 is charged each month.

The sewer rate is \$7.55 a month plus (+) \$2.65 for each 1,000 gallons.

The water rate is \$5.00 for each 1,000 gallons.

Late Fees and Shut-Offs:

A late fee of \$5 is charged on any water bills not paid **before** the 10th of the month.

(The payment must be received- not post marked- before the 10th)

Any customer who has not paid their water before the 10th of the month will be sent a letter notifying them that their service will be disconnected in 7 days.

If the bill is not paid the water will be shut off on the date stated in the letter.

The reconnect fee of \$50.00- and an additional deposit of \$100.00- plus the outstanding water bill must be paid in full before the water can be turned back on. It is important to pay this bill.

The city owns the meters and reserves the right to inspect and service them. Failure to comply may result in the water being shut off.

Disconnect:

Termination of the water service by the customer shall require a written notice 5 days prior to the desired termination date. This is required for temporary and permanent shut-offs.

Additional Information:

Please inform the City of Hurley in writing when you would like your water turned on or off, or when you are no longer responsible for the bill.

The meter will need to be read on the date the water is turned on or shut off and proof of identification and application for the new customer needs to be turned in or the bill will be sent to whomever we show on our records.

Please contact the city at (605)238-0680 when wanting your water turned on or shut off. Maintenance will need to read the inside and outside meters and turn the readings in before we can do a final bill or activate your account. Water deposits are due before the water can be turned on.

In a dispute between the inside and outside meter, the inside meter is official.

If you have any questions on your water bill please contact the Hurley City Finance Officer. The office is located at 701 Burns St., Hurley. Phone number (605)238-0680.

If you have an emergency and cannot pay the utility bill by the 9th, you should call the finance officer and be put on the agenda to talk to the council about requesting additional time.

A \$30.00 charge on all insufficient checks has been adopted by the City of Hurley. (If we receive a NSF check from you, your water will be shut off and you will be required to pay the reconnect fee, the additional deposit, the NSF fee and all outstanding balances).
